East Side's first service of worship took place on Mother's Day, May 13, 1945. The charter was closed on January 6, 1945, the membership was 130.

We met in the Seventh Day Adventist Church for the first five years of our life together. The building on the corner of Weinbach and Bayard Park was built and dedicated on April 30, 1950

Our current Minister is Dr. Linda C. Parker. She has been serving the church since December, 2001.

We help build a Habitat House every year with United Church of Christ Churches. We participate in a soup kitchen every month with St. Paul's Episcopal Church. We have several fellowship groups for older adults that meet each month. We sponsor and staff a monthly support group for Alzheimer's Care Givers. Always concerned about our community we collect food, hats, gloves, underwear and scarves, and other clothing for those who need it. In a spirit of fun and fellowship we offer a Trivia Challenge night each month and have a Spiritual Cinema Circle to talk about film, faith and values.

Our core values focus on hospitality, fellowship, outreach, equality of leadership and the size of our congregation.

We gather to worship God and share the Good News of Christ, relating our faith to our daily lives. We worship on Sundays at 9:30 a.m.
